Crane signage that gets you noticed.

High-impact crane signage with custom-engineered lightboxes designed for visibility, durability and professional presentation. From illuminated aluminium lightboxes to premium clad ACM signage, TES provides complete engineering design, manufacture, installation and ongoing maintenance solutions.

Aluminium Lightboxes

LED illumination, push-through lettering and high visibility

Built from durable aluminium, our lightboxes provide bright LED illumination for clear, high-visibility signage day and night.

Standard crane lightbox configuration:

- 2 × signs per crane
- 4m × 1m standard sign size
- LED illumination
- Push-through lettering
- Designed for visibility from both sides of the crane

Cladded ACM Signage

Premium finish. Built to perform.

For a refined, high-visibility signage solution, our clad ACM lightboxes feature opal individual lettering and integrated LED illumination.

Each crane signage package is designed for a premium finish and includes:

- 2 × signs per crane
- 4m × 1m sign size
- Cladded ACM construction
- Opal individual lettering
- Integrated LED illumination

Complete **signage solutions**

Standard or custom. Illuminated or premium finish. Everything you need to stand out.

From engineering and manufacture through to installation and maintenance, TES delivers professional crane signage solutions designed to perform on site and make your brand impossible to miss.

Please note:

- Pricing is for the lightboxes only.
- Signage posts and certification are separate.
- Falcon Cranes will not install signage manufactured by a third party.
- **Lead time:** approximately 6–8 weeks.

Enquire today.

Custom sizes for all options can be considered subject to engineering approval and are priced on application (POA).
